Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Securities transactions are recorded on a trade date basis with related commission income and expenses also recorded on a trade date basis.

Furniture and equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company, with the consent of its Members, has elected to be a Oregon Limited Liability Company. For tax purposes the Company is treated like a partnership, therefore in lieu of business income taxes, the Members are taxed on the Company's taxable income. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

NOTE 9: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE 10: RECENTLY ISSUED ACCOUNTING STANDARDS

In July 2013, the U.S. Securities and Exchange Commission ("SEC") adopted amendments to its broker-dealer reports rules, which will now require, among other things, that audits of all SEC-registered broker-dealers be conducted under Public Company Accounting Oversight Board ("PCAOB") standards for fiscal years ending on or after June 1, 2014, effectively replacing the American Institute of Certified Public Accountants with the PCAOB as the auditing standard-setter for auditors of broker-dealers, and replacing Generally Accepted Auditing Standards with PCAOB standards for broker-dealers that are subject to audit. Broker-dealers will be required to file either compliance reports or exemption reports, as applicable, and file reports of independent public accountants covering compliance reports or exemption reports (prepared in accordance with the PCAOB standards). Additionally, effective December 31, 2013, if a broker-dealer is a SIPC member firm, broker-dealer audited financial statements will also be required to be submitted to SIPC, and broker-dealers will be required to file a new quarterly Form Custody.

In addition, SEC adopted amendments to various financial responsibility rules. For a broker-dealer such as the Company, these amendments were mostly technical in nature and effectively ratified various interpretive and no-action positions taken by SEC staff over many years or which conformed to existing practices or self-regulatory organizational rules.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 11: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2014, the Company had net capital of \$55,329 which was \$50,329 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$73) to net capital was 0.0 to 1.
